Classroom guidelines

CURRICULUM EMPHASIS

New World United Methodist Church Day School's learning philosophies are designed to stimulate the flow of the child's interest and imagination. It is our goal to channel the child's time at New World into a love of learning that will continue throughout his/her educational experience. We follow the guidelines set forth by the Texas Rising Star programs.

Our curriculums emphasize:

- Art is taught through the works of the master artists and
- Children's authors/Illustrators
- The best of children's literature
- Language Arts
- Safety-Health-Good Manners
- Science
- Outdoor play and exploration
- Mathematics
- Music/Body Rhythmics
- Special Activities

In addition to developmentally appropriate curriculums, NWDS provides an outstanding Body Rhythmics program. (music and movement)
During inclement weather, we offer gym time.
If weather is nice, children will go outside daily.
We provide computers in the pre-k 4 classrooms.

DISCIPLINE

Our teachers are trained to exhibit a quality of tenderness in working with children. Each teacher will be expected to communicate her love for helping young children grow socially, emotionally, mentally, and physically.

When a discipline problem arises in the school, the teacher is responsible for the discipline of the child. The teacher will apply principles that build individual esteem and avoid any shameful practices. We accomplish order and discipline through close supervision, gentle guidance, and redirection. A calming corner can be utilized in the classroom followed by discussion of the situation. If more time is needed to regulate, a staff member will take the child for a walk around the building or to the office to have a quiet calm space in the office to regulate. If a serious problem arises, the teacher or director will call and consult with the parent.

If a child is causing harm to oneself and/or to others, the parents will be notified using an “Uh oh Notice”, and the child may be sent home for the remainder of the day. If the behavior continues, the parents, teacher and director will have a conference and create a behavior plan. If the behavior plan isn’t successful at helping to adjust the child behavior another conference will be held to determine the child's continued stay at New World. When a child cannot adjust to the conduct acceptable to the school, it may become necessary to request the parents seek a program that will meet the needs of their child.

No corporal punishment is ever administered at New World Day School.

When additional assistance is needed…

If staff deems more assistance is needed to meet the needs of a child with challenging behaviors, the Day School will request the parent pay additional tuition to cover the cost of hiring another teacher's aide for the classroom. This allows for an uninterrupted learning and peaceful environment for all the children.

POTTY TRAINING

All children enrolled in the three-year-old program and older must be potty trained.

BITING

Biting is an issue to be taken seriously. This is a normal stage of development; however, excessive biting will be addressed. A child who bites two times on any one day will be sent home for the remainder of the day. A child who exhibits an uncontrollable biting stage may be asked to remain at home until the stage has passed.

ACCIDENTS

In case of an accident, we make an immediate attempt to contact a parent/parents.

If we cannot reach the parent, the director or an assistant makes decisions about the care of the child. It is of the utmost importance that the telephone numbers in your child's file are current so we can contact you. You can update contact information by E-mailing us or send a direct message to the office using ProCare.

CLASS PARTIES

Class parties are scheduled for Thanksgiving, Christmas, Valentine's Day, and Easter. Parents are asked to assist with the class parties.

Parents are welcome at all activities and parties. On occasion, help with activities is needed and much appreciated. If you would like to participate, call the Day School office or message the teacher directly thru ProCare.

Information about events is in the monthly Day School newsletter, in notes sent home in your child's backpack, and posted on ProCare.

BIRTHDAYS

Children are honored in their classes on their birthdays. Children may bring special snacks for their classmates. Because the snack period is only approximately twenty minutes in

length, the celebration should be kept simple. Each class may have different allergy restrictions, please check with your child teacher before bringing products containing NUTS.

Children should wear comfortable play clothes appropriate for inside and outside play. Tennis shoes that will allow children to run and climb on playground equipment safely are required. Flip-flops, open-toed, open-heeled shoes, and boots are unsuitable and unsafe for playground and gym activities.

Every child needs a complete change of clothing available either in his/her school bag or in his/her cubby in the classroom.

Mark your child's coats, sweaters, mittens, caps, etc., with his/her full name in permanent marker. We ask children not wear hoop or large earrings.

We are an art-centric school, clothing may come home with paint on them.

BACKPACKS

Children must bring a FULL SIZED backpack each day. It will need to hold the child's spare clothes, lunch box, and daily folder. We have found bags without buckles are easier for children to handle. Please mark your child's name on the outside of the bag.

The children rotate taking home the "Snack Bag" container to be filled by the parent with enough appropriate finger food to share with each child in the class. The snack can also reflect the unit of study for the week (example: apples for letter A) and become part of the learning process.

The Garland Health Department has strict guidelines requiring prepackaged snacks to share with each child and the teacher. Suggestions: Cheese cubes, apple sauce, yogurts, cheese crackers, vanilla wafers, Teddy Grahams, etc. No open boxes or containers.

- Homemade goodies are an exception to the rule on Party Days!

Read the nutritional information on the packages. Watch for sugar, sodium, and fat.

Farm-To-Early Care and Education:

Our early care and education program is committed to supporting children's health and learning through a Farm to ECE approach. This includes serving fresh, locally grown foods whenever possible, engaging children in hands-on gardening activities, and incorporating lessons about food, farming, and nutrition into daily routines. By connecting children with where their food comes from, we aim to build healthy eating habits, foster curiosity about nature, and strengthen ties to our local agricultural community. We will work with local farmers, food producers, and community organizations to support these efforts, and encourage family involvement through garden projects, food tastings, and educational events. Staff will receive training to implement these practices effectively, and the program will be reviewed regularly to ensure continued growth and improvement.

BAD WEATHER

The Day School observes the same closing as the Garland Independent School District for bad weather. If Garland Independent Schools close, New World will also close. The safety of your child and our staff is of utmost concern. You may call the Day School office for a recorded message of closings. Also, local television stations will broadcast GISD closings. Keep an eye out for ProCare updates.

PARENT/STAFF COMMUNICATION

Evaluations / Conferences

Assessments

Assessments are ongoing from the first day of school.

Formal assessment tools are implemented to follow the child's progress. We have a developmental checklist in the enrollment forms, and we have a classroom developmental checklist we use periodically to assess the child progress.

Children will be evaluated in September, January.

A partnership between parents and teachers benefits the child. We encourage communication between parents and staff. Our doors are open to parents at all times. **Parents are encouraged to share personal interests including hobbies, talents, cultural backgrounds, favorite recipes, etc.** You will receive a monthly newsletter telling of upcoming events and approaching holidays, etc. The teachers also send home notes telling of specific happenings in their classrooms. ProCare is also a great resource for information.

Conferences

In August, we will hold beginning of the year conferences. Parents will have a chance to meet the teacher, see the classroom, and discuss any concerns they have starting the new school year. Beginning of the year evaluations will be done in September.

During January, we conduct mid-year evaluations. Conferences with the parents are in February.

In addition to the mid-year conferences, parents are encouraged to request a conference with the teacher whenever desired. The teacher may also schedule additional conferences.

Should a child require more specialized individual attention than our school can supply, we will suggest other resources that are available to meet the child's needs.

Please notify the staff of pertinent information concerning changes in your child's life, such as illness of child or family member, change in sleeping patterns, change in eating, change in family unit, etc.

We welcome you to contact your child's teacher. Our business hours are from 7:30-5:30. Feel free to call or ProCare message between these hours. Please know if the teacher is in class it may be a while before they get back to you as they are busy teaching.
